

REGIONAL NUC MED SCHOLARSHIP

APPLICANT INFORMATION

The Queensland X-Ray regional scholarship is an industry placement scholarship valued at \$9,000 to support students undertaking their industry placement in a regional area. It is provided on the basis that the student will continue to work for Queensland X-Ray in a regional area after completing their degree.

ELIGIBILITY

- ▶ Available to fourth year university students who are studying an undergraduate degree full-time at an Australian university.
- ▶ Must be able to provide evidence of sound academic achievement.
- ▶ Must be an Australian citizen, a New Zealand citizen, a permanent Australian resident or a student with an Australian permanent visa.

VALUE

Queensland X-Ray will pay a scholarship of **\$4,500 per semester** during the fourth year of the participants' degree. The scholarship can cover two semesters.

HOW TO APPLY

- ▶ Applications are opened once a year and promoted at the relevant time.
- ▶ Applicants are required to submit a cover letter, up-to-date resume and evidence of academic achievement, including relevant clinical reports.
- ▶ Selection will be based on academic achievement, CV and cover letter. Preference may be given to those with previous Queensland X-Ray clinical experience.
- ▶ Queries and applications should be directed to:

John Barlow

Nuclear Medicine Operations Manager

GUIDELINES

- ▶ The scholarship participant will complete their fourth year placement(s) at a Queensland X-Ray regional site (Toowoomba, Cairns, Townsville or Mackay).
- ▶ On completion of their degree and subject to satisfactory conduct, the participant will be offered employment with Queensland X-Ray, preferably at a regional site.
- ▶ It is expected that the scholarship participant agrees to remain employed by Queensland X-Ray for two years following completion of their degree.
- ▶ The participant must not work for a competitor of Queensland X-Ray while receiving the Queensland X-Ray regional scholarship.
- ▶ If the participant does not complete their placement with Queensland X-Ray or chooses not to work for Queensland X-Ray after completing their degree, the scholarship participant will be asked to repay the total of all scholarship amounts they receive or parts thereof depending on the time spent employed.
- ▶ The scholarship participant will be required to sign a contract (to be made available at the time of the scholarship offer) which will outline the above points in further detail.
- ▶ To retain this scholarship, you must continue to receive satisfactory feedback from your supervisor throughout the placement.
