

# NOT JUST YOUR REGULAR RADIOGRAPHERS

## WE'RE NOT YOUR REGULAR RADIOLOGY GROUP!

What sets us apart from everyone else is our commitment to working with people who want to make a genuine difference; allowing our doctors to run and operate our business; placing patient care at the centre of everything we do but all the while having fun along the way.

**If you're interested in joining the ranks at Team QXR as a Radiographer, we'd love to speak with you!**

# WANT TO GET TO KNOW US?

## WHO WE ARE → → →

Being contagious in a health environment is generally avoided ... except for here at Queensland X-Ray where it's a necessity! We thrive in an environment where our enthusiasm and commitment to great work spreads throughout our team – a team that spans across a growing footprint of 45 practices including three dedicated women's imaging practices and 17 hospital practices.

We are also a part of the Sonic Healthcare group, a Top 50 ASX listed company that has been successfully delivering healthcare services across the globe since 1987. Being a part of a group this size means security, stability and most importantly, responsibility to the highest levels of service quality, professionalism and best-practice medical care.

“ **QUEENSLAND X-RAY IS A FANTASTIC COMPANY TO BEGIN AND PROGRESS YOUR CAREER. WE HAVE A VARIETY OF PRACTICES ACROSS BRISBANE AND QUEENSLAND, WITH MORE BEING ESTABLISHED EACH YEAR. WE OFFER INCREDIBLE OPPORTUNITIES TO DEVELOP THE SKILLS YOU WANT, IN THE LOCATION YOU DESIRE. BY OFFERING SUCH A WIDE RANGE OF SERVICES ACROSS EVERY MODALITY, YOUR PROFESSIONAL DEVELOPMENT IS GUARANTEED TO BE EXTENSIVE AND FAST-PACED WITH US.** ”

**SEBASTIAN HAYES, 2IC RADIOGRAPHER, MATER PRIVATE HOSPITAL BRISBANE**

# WHAT WE'RE LOOKING FOR

We're looking for Radiographers who share our enthusiasm and commitment to being the best at what we do. We want Radiographers who are happy to be a part of our team, and work hard to lead by example when it comes to culture, clinical excellence, and patient care.

While there are a few qualities we look for in all candidates, above all we want Radiographers who never settle for second-best, love to constantly learn, take an interest in developing our business, and never shy away from sharing their knowledge.

# THE QUEENSLAND X-RAY DIFFERENCE

As Queensland's largest private imaging provider, we have all the mod-cons like established caseloads, modern practices and state-of-the-art equipment. Our footprint encompasses 38 CT, 21 MR, 4 PET/CT and three EOS scanners. On top of that, we've worked hard to ensure we offer quality business and information technology systems, and invite you to contribute your ideas towards ensuring our business continues to thrive.

Our roles can be part-time or full-time, as getting the right people is more important than the hours you need to work. We're also flexible with whatever level of supervision or clinical autonomy you may require.

# WHAT WE STAND FOR

We live and breathe our **values**. They are shared across all Sonic Healthcare entities, and are the reason for the ongoing success of Sonic Healthcare as one of the largest healthcare companies in the world.

These values guide all communication and interaction with our patients, referring physicians and internally between staff. They include: to commit to service excellence; treat each other with respect and honesty; demonstrate responsibility and accountability; be enthusiastic about continuous improvement; and to maintain confidentiality.

# WHERE WE WORK

Fancy a tree or sea change? With practices across Cairns, Townsville, Mackay, Brisbane, Gold Coast and Toowoomba, we not only offer exceptional career opportunities with additional lifestyle benefits. Enjoy bushwalking? Take up a tree-change to Toowoomba. Have a young family and want to avoid the rat race? Escape the daily grind and take up a sea change to Mackay.

# LIKE THE SOUND OF THIS JOB?

Why would you not? It's amazing! If this sounds like the kind of culture and opportunities that resonate with you, we'd love to hear from you.
