

NOT JUST YOUR REGULAR RADIOLOGISTS

WE'RE NOT YOUR REGULAR RADIOLOGY GROUP!

What sets us apart from everyone else is our commitment to working with people who want to make a genuine difference; allowing our doctors to run and operate our business; placing patient care at the centre of everything we do but all the while having fun along the way.

If you're interested in joining the ranks at Team QXR, we'd love to speak with you!

US?

WHO WE ARE → → →

Being contagious in a health environment is generally avoided ... except for here at Queensland X-Ray where it's a necessity! We thrive in an environment where our enthusiasm and commitment to great work spreads throughout our team – a team that spans across a growing footprint of 45 practices including three dedicated women's imaging practices and 17 hospital practices.

We are also a part of the Sonic Healthcare group, a Top 50 ASX listed company that has been successfully delivering healthcare services across the globe since 1987. Being a part of a group this size means security, stability and most importantly, responsibility to the highest levels of service quality, professionalism and best-practice medical care.

“ **WHAT MAKES QUEENSLAND X-RAY A GREAT PLACE TO WORK IS THE ABILITY TO WORK UNDER THE SECURITY OF SONIC HEALTHCARE, BUT RETAIN AUTONOMY OF LOCAL CONTROL AND DECISION-MAKING. WE HAVE THE BEST EQUIPMENT, FANTASTIC LOCATIONS AND VARIED WORKFLOW ACROSS BOTH HOSPITAL AND COMMUNITY PRACTICES. WE PRIORITISE OUR CULTURE AND STAFF DEVELOPMENT, AND IT'S IMPORTANT THAT OUR PEOPLE LOOK FORWARD TO COMING TO WORK AND FEEL REWARDED FOR THE SERVICE WE PROVIDE.** ”

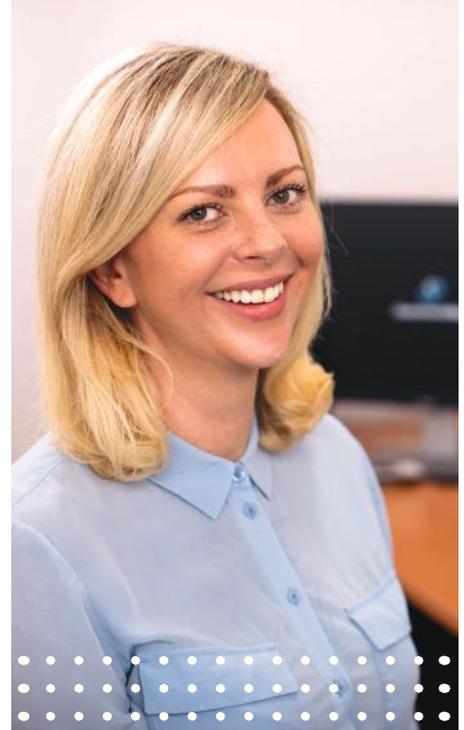

DR MATTHEW BASTIAN-JORDAN

WHAT WE'RE LOOKING FOR

We're looking for Radiologists who share our enthusiasm and commitment to being the best at what we do. We want Radiologists who are happy to be a part of our team and work hard to lead by example when it comes to culture, clinical excellence and patient care. We offer private hospital work with interesting varied caseloads in a supportive and progressive environment.

While there are a few qualities we look for in all candidates, above all we want Radiologists who never settle for second-best, love to constantly learn, take an interest in developing our business, and never shy away from sharing their knowledge.

THE QUEENSLAND X-RAY DIFFERENCE

We encourage Radiologists with curiosity, drive and vision to develop their skills and contribute to subspecialty expertise across Musculoskeletal Imaging, Cardiac Imaging, Vascular Interventional Radiology, Nuclear Medicine, and Breast Imaging. No matter at what locations our Radiologists are based, we share a state-wide fully-integrated PACS and RIS systems, where our Doctors report the full breadth of cases. We're flexible with whatever level of supervision or clinical autonomy you may require.

As Queensland's largest private imaging provider, we have all the mod-cons like established caseloads, modern practices and state-of-the-art equipment. Our footprint encompasses 38 CT, 21 MR, 4 PET/CT and 3 EOS scanners. On top of that, we've worked hard to ensure we offer quality business and information technology support.

When you come to work for Queensland X-Ray, you are encouraged to get involved in our business; either via our Radiologist Management Committee, or by running your own practice/s. We offer generous holiday entitlement and our roles can be part-time or full-time, as getting the right people is more important than the hours you need to work.

WHAT WE STAND FOR

We live and breathe our **values**. They are shared across all Sonic Healthcare entities, and are the reason for the ongoing success of Sonic Healthcare as one of the largest healthcare companies in the world.

These values guide all communication and interaction with our patients, referring physicians and internally between staff. They include: to commit to service excellence; treat each other with respect and honesty; demonstrate responsibility and accountability; be enthusiastic about continuous improvement; and to maintain confidentiality.

WHERE WE WORK

Fancy a change? With practices across Cairns, Townsville, Mackay, Brisbane, Gold Coast and Toowoomba, we not only offer exceptional career opportunities, but if you work in our regional practices you'll get loads of additional lifestyle benefits. Enjoy bushwalking? Take up a tree-change to Toowoomba. Have a young family and want to avoid the rat race? Escape the daily grind and take up a sea change to Mackay.

LIKE THE SOUND OF THIS JOB?

Why would you not? It's amazing! If this sounds like the kind of culture and opportunities that resonate with you, we'd love to hear from you.
